

Technical Data Sheet

Titan MS™

Metal Safe Soak Tank Detergent for Grease and Food Soils

Formulated to remove stubborn deposits of built-up grease and baked-on carbon from kitchen utensils. Designed for soak cleaning of pots and pans, oven racks, fryer baskets and trays, as well as removable parts from grills, stoves, barbecues, exhaust fans, hoods, and filters. Fortified with a metal safe alkali blend for excellent penetration and removal of difficult soils. Non-fuming and non-flammable. Safe for use on aluminum, tin, pewter or other non-ferrous or galvanized metals. Do not use on utensils having painted or varnished areas.

Directions for Use

Dilute approximately 4-8 ounces of this product per gallon of hot water in the soaking vessel. For a standard 30 gallon soak tank, use 1-2 gallons of this product. Mix solution thoroughly to assure uniform results, then carefully immerse utensils into solution. Avoid splashing. Soak for 30-120 minutes depending on the amount of greasy or carbon-encrusted soil. Soak overnight for very heavy stains or soil accumulations. After soaking, wash utensils in a three compartment sink.

Safety Reminder

Consult product label and Safety Data Sheet (SDS) before use. SDS's can be downloaded from www.crown-chem.com.

Technical Specifications

Appearance	Colorless Liquid
Odor	Characteristic
pH (1% solution, 22°C)	>11.5
Foaming	Low
Flash Point	None
Bulk Density (lbs/gal, 22°C)	12.30 ±0.1
Stability Range	40-100°F
Free Alkalinity (as Na ₂ O)	High
Solubility (in H ₂ O, 22°C)	100%
Phosphate Content	None

Product Number

17341

Packaging

4x1 gal. case
